

CIVICA

Transforming the way you work

Authority Connect Inspex

Inspections App for Civica Authority

Transform inspection processes with Inspex. Inspex allows field staff and contractors to receive their inspection work in the field in real time.

Easily complete inspections, attach photos and collect checklist or condition data.

Purpose Built for Local Government

Authority Connect: **Inspex**

Complete inspections and report electronically on the go from a mobile device.

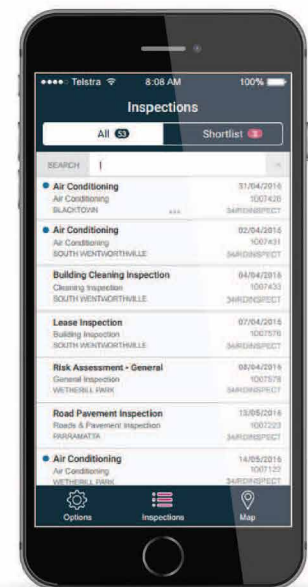

- ▶ **Easy to Use**
Easily interact with app interface for updates on tasks, including latest images and maps.
- ▶ **Seamless and real time updates**
Any activity actioned within the app automatically updates Civica Authority.
- ▶ **Do more with less**
Drive efficiencies in your council by channeling your resources effectively.
- ▶ **Transparency**
Get a clear view of inspection activities as they happen in real time.

Inspectors can:

- ▶ Receive and action inspection tasks on a mobile device
- ▶ Operate in offline mode - gain access to information and complete tasks without internet access
- ▶ View and download inspection summaries in the field

- ✔ Perform and automatically transmit paperless mobile inspections
- 📍 View and action inspections from a map
- 📱 Capture condition photos and signatures
- 🔗 Customisable Forms – Configure rules specific to your council
- 🔄 Seamless integration with Civica Authority

If you have any questions or would like to arrange a demonstration of **Authority Connect - Inspex** please contact your Account Manager or email us at LGenquiries@civica.com.au
